

List of categories and sub-topics of policy areas relating to investment treaty cases

Central functions

administration of justice

bankruptcy administration

civil lawsuits

court decisions

domestic tribunal decisions

enforcement of arbitral awards

environmental assessment process

human rights investigations

imprisonment of lawyers

money laundering and corruption investigations

property registration

settlement with cigarette manufacturers

elections

information management

public morals

gambling

public order

corruption investigations
enforcement of electricity rates
enforcement of parking fees
looting by armed forces
looting of construction project
occupations of farms
occupations of oil refinery
occupations of steel mill
police training
protests
raid on lawyer's office
raids by armed forces
seizure of facilities
theft of electricity
violent conflict over oil exploration

International relations and national security

border control

customs
immigration
international bridge
gray market exports of cigarettes

work visas

international relations

Basel Convention

Canada-U.S. Softwood Lumber Agreement

European Union accession

WTO settlement with U.S. and New Zealand

international trade

bulk water exports

Buy America

canola exports

cement imports

countervailing and anti-dumping duties

hemp imports

import bans on cattle and beef

lumber exports

lumber imports

NAFTA provisions on government procurement

NAFTA state-to-state dispute settlement

sugar imports

WTO dispute settlement

maritime affairs

ports administration

shipping dispute

national security

civil war

Finance and taxation

financial regulation

banking

insurance

Ponzi scheme

monetary system

bank bailout

capital controls

currency reform

financial crisis

sovereign borrowing

debt restructuring

promissory notes

tax

corporate income tax

duty-free regime

excise tax on cigarettes

investigations

import taxes

tax evasion investigations

tax stamps on cigarettes

taxation of income trusts

value-added tax

windfall profits tax

Infrastructure and services

postal delivery

public subsidy

social security

information management

workers' accident insurance

transportation

airports

automobile emission control

automobile registration

automobile safety

canals

highways

trucking regulation

utilities

electricity

natural gas

tariffs

water and sewage

Agriculture

agrarian reform

ejido administration

land redistribution

agriculture

animal health

irrigation

milk production quotas

pesticide regulation

sugar quotas

sugar subsidies

Economy

employment

beet sugar industry

cultural industries

dairy industry

informal economy

lumber processing

outfitting industry

performance requirements

sugar cane growers

industrial policy

cement

cotton

diversification of ownership

drug patents

free economic zones

logging

lumber

nuclear

regional development

research and development

steel

sugar

trucking

tourism

hotels regulation

Resources

energy

coal

gas pipeline

heating crisis

hydroelectric

nuclear

subsidies

resource management

caribou

fisheries

gold mining

mining

oil

oil and gas

rivers

timber

water

Environment and health

environmental protection

biodiversity

endangered species

environmental liability

gasoline additive

groundwater protection

land conservation

mining remediation

nuclear waste disposal

pollution

pollution of rainforest

waste disposal

water conservation

wetlands conservation

wildlife conservation

health care

public health insurance

public health

anti-smoking

drug prohibitions

environmental contaminants

environmental health

food contamination

hazardous waste

pesticides

pharmaceuticals regulation

potable water

radiation exposure

Culture

broadcasting

radio

radio licensing

television

cultural heritage

architecture preservation

marine archaeology

culture

content production subsidies

Native American heritage

print publishing

telecommunications

cellular telephones

Human rights

human rights

access to water

affirmative action

health

racial discrimination

indigenous rights

culture

Amazonian indigenous peoples

Local government and public contracting

land use planning

conservation

residential development

waste disposal approvals

local government

urban planning

environmental approvals

municipal elections

waste management

water and sewage

public contracting

airport construction and operation

automobile emission control

automobile testing

canal dredging

cargo salvage

courthouse construction

dam construction

dike construction

electric power procurement

electricity supply

facilities management

federal aid

gas supply

highway construction

information management

lease of commercial property

mineral extraction and metallurgy

oil exploration

oil production

operation of hotels

operation of ship for tourism and cadet training

phosphate mining

pipeline construction

power plant construction

public administration

resource concession

tourism development

urban development

use of public buildings

waste disposal

privatization

airports

banks

broadcasting

copper factory

cotton industry

customs inspections

energy

health care

information management

insurance company

nuclear industry

oil industry

oil refinery

operation of ports

operation of toll highway

operation of water system

parking services

power plant construction

public administration

social security

steel mill
